Dashboard Design

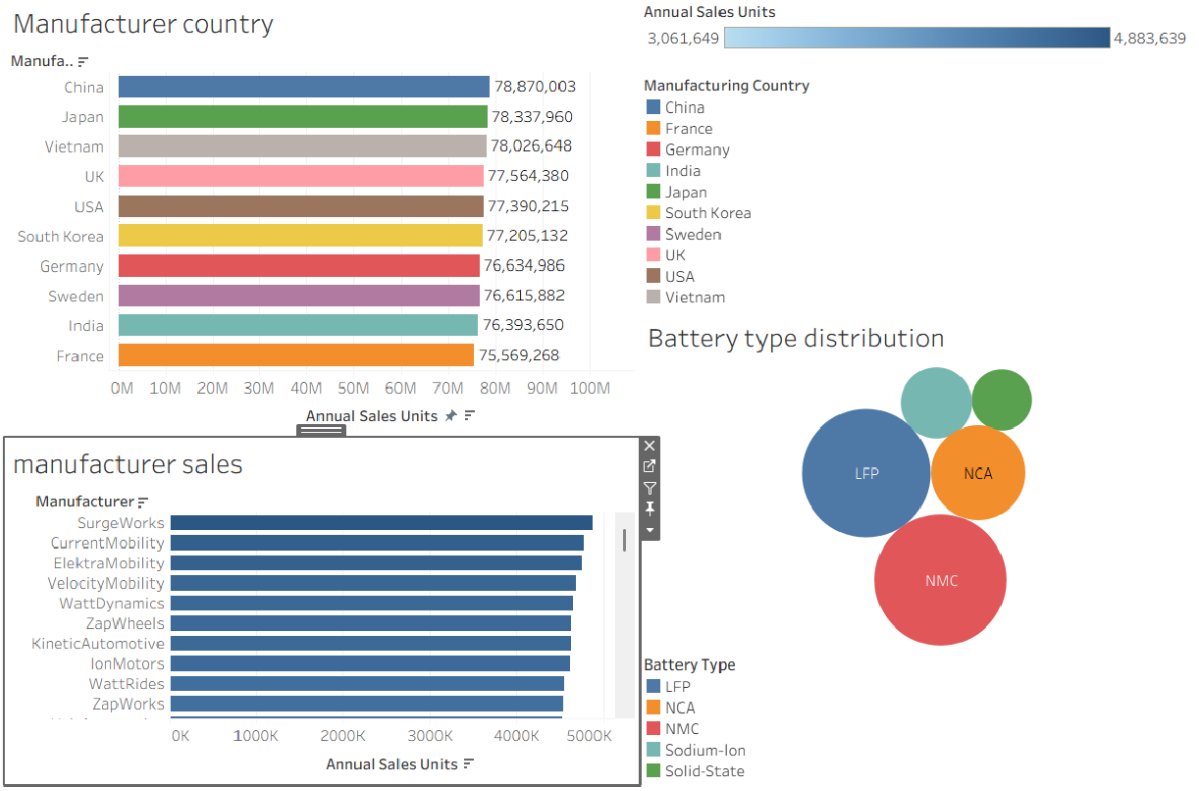

Date	28 October 2026
Team ID	En25cs3010371
Project Name	Electric Vehicle Market Analysis Using Tableau
Maximum Marks	5 Marks

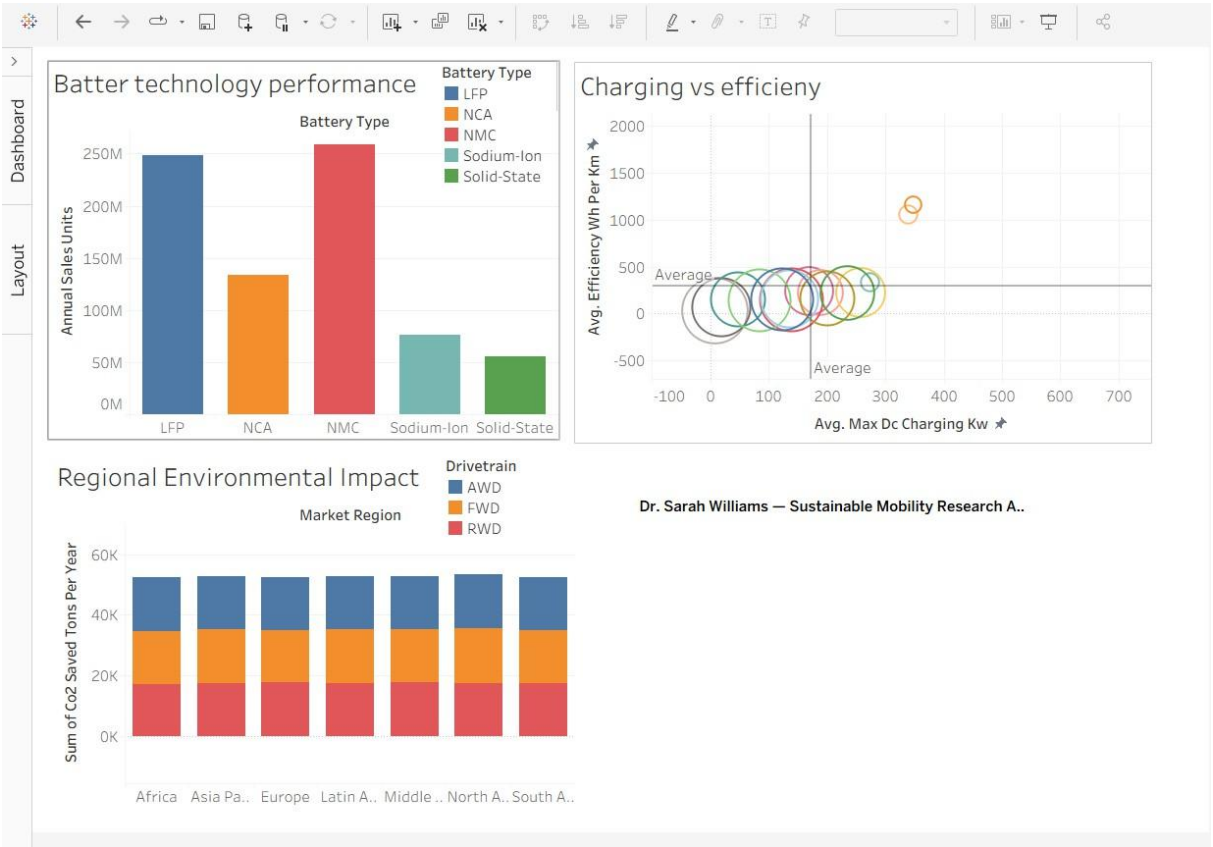

Activity 1: Interactive and visually appealing dashboards

Creating an effective Streamlit dashboard involves presenting business data stored in Snowflake through clear, interactive, and easy-to-understand visualizations. Students should design the dashboard so that users can quickly understand important KPIs, trends, comparisons, and business insights.

- Clear and Intuitive Layout
- Use Appropriate Visualizations
- Colour and Theming
- Interactive Filters and Slicers
- Drill-Down Capabilities
- Responsive Design
- Custom Visuals and Icons
- Use of Infographics

Major Outcomes from the EV Market Performance and Insights Dashboard

1. Manufacturer Performance: Identified leading EV manufacturers, with SurgeWorks, CurrentMobility, and ElectraMobility among the top performers in the displayed sales chart.

2. Vehicle Category Analysis: Compared annual sales across vehicle categories to identify popular segments, including two-wheeler scooters, sedans, and hatchbacks.

3. Sales Trend Analysis: Analyzed annual sales trends from 2018 to 2026 to observe changes in EV market performance over time.

4. Driving Range Analysis: Compared average driving ranges across vehicle categories to understand differences in vehicle performance.

5. Manufacturer Country Analysis: Compared EV sales across manufacturing countries, including China, Japan, Vietnam, the UK, and the USA.

6. Battery Technology Analysis: Evaluated the distribution and sales performance of LFP, NCA, NMC, sodium-ion, and solid-state battery technologies.

7. Charging Efficiency Analysis: Examined the relationship between maximum DC charging power and charging efficiency to compare charging performance.

8. Environmental Impact Analysis: Compared estimated annual CO□ savings across market regions and drive-train types to assess the potential environmental benefits of EV adoption.

9. Data-Driven Decision-Making: Consolidated key metrics into interactive Tableau dashboards to support market analysis, manufacturer comparison, and strategic planning.

Activity 2

Publish dashboard on Tableau Public and paste the dashboard public link below.
